

The canteen continues to hum along with keen volunteers, two new fearless leaders in Kaya Wiltshire & Rachael Julius and all the volunteers pleasant smiling faces at the canteen window. The introduction of cash over the counter sales of iceblocks went off without an issue last week.

Cudgen P&C hosted a coastal learning community mixer night last week, which provided the opportunity for P&C members from our school to engage with other local P&C members from the schools within our coastal learning community. Gemma, Kylie, Jane & Rachael attended and the night and report that it was a success. Always plenty to chat about & ideas thrown around for fundraising into the future. Term 2 will see a return of our mothers day stall after being abandoned thanks to COVID in 2020. Watch this space for more information!
